After discovery of a Commercial Oil or Gas Well CONTRACTOR shall, unless otherwise agreed upon with GANOPE, undertake as part of its
Exploration program the appraisal of the discovery by drilling one or more appraisal wells, to determine whether such discovery is worthy of being developed commercially, taking into consideration the recoverable reserves, production, pipeline and terminal facilities required, estimated Petroleum prices, and all other relevant technical and economic factors unless otherwise agreed upon by GANOPE.

(ii) The provisions laid down herein postulate the unity and indivisibility of the concepts of commercial discovery and development lease. They shall apply uniformly to Oil and Gas unless otherwise specified.

Said notification shall state the specific area covering said geological feature to be developed, the wells to be drilled, the production facilities to be installed and GANOPE's estimated cost thereof. Within thirty (30) days after receipt of said notification CONTRACTOR may, in writing, elect to develop such area as provided in the terms of this agreement hereunder. In such event all terms of this Agreement shall be applied to the specified area.

If CONTRACTOR elects not to develop such area, the specific area covering said geological feature shall be set aside for sole risk operations by GANOPE, such area is mutually agreed upon by GANOPE and CONTRACTOR on the basis of good Petroleum industry practice. GANOPE shall be entitled to perform or in the event Joint venture Operating Company has come into existence, to let such Joint venture Operating Company perform such operations for the account of GANOPE and at GANOPE's sole cost, risk and expense. When GANOPE has recovered from the Crude Oil produced from such specific area a quantity of Oil or Gas equal in value to three hundred percent (300%) of the cost it has incurred in carrying out the sole risk operations, CONTRACTOR shall have the option, to share in further development and production of that specific area upon paying GANOPE one hundred percent (100%) of such costs incurred by GANOPE and Such one hundred percent (100%) payment shall not be recovered by CONTRACTOR, only in the event there has been a separate Commercial Discovery of oil elsewhere within the area.

Immediately following such payment the specific area shall either:
(1) Revert to the status of an ordinary Development Lease under this Agreement and thereafter shall be operated in accordance with the terms hereof; or

(2) Alternatively, in the event that at such time GANOPE or its Affiliated Company is conducting Development operations in the area at its sole expense and GANOPE elects to continue operations, the area shall remain set aside and CONTRACTOR shall only be entitled to its production sharing percentages of the Crude Oil as specified in Article VII (b).

The sole risk Crude Oil or Gas shall be valued in the manner provided in Article VII (c). In the event of any termination of this Agreement under the provisions of Article III (b), this Agreement shall, however, continue to apply to GANOPE’s operations of any sole risk venture hereunder, although such Agreement shall have been terminated with respect to CONTRACTOR pursuant to the provisions of Article III (b).

Such area shall be converted automatically into a Development Lease without the issue of any additional legal instrument or permission. In case CONTRACTOR did not fulfill its commitment to submit the Oil / Gas Development Lease documentations to GANOPE, in order to issue the Development Lease related to that discovery, within two (2) years from the Date of Contractor’s notification to GANOPE of Commercial Discovery exists (unless otherwise approved by GANOPE ), CONTRACTOR shall be considered assignor without charge for the area dedicated for issuing such Development Lease. GANOPE shall have the right to develop, produce and dispose all the Petroleum produced from such assigned area in the manner it deems appropriate without any further legal procedures, the CONTRACTOR shall have no right related to the production and has no right to have recourse against GANOPE for compensation or expenditures or costs.

shall endeavor with diligence to find adequate markets capable of absorbing the production of Gas and with respect to the local markets, GANOPE shall advise CONTRACTOR of the potential outlets for such Gas and the expected annual schedule of demand. Thereafter, GANOPE and CONTRACTOR shall meet with a view to assessing whether the outlets for such Gas and other relevant factors warrant the development and production of the Gas and in case of agreement such available gas shall be disposed to GANOPE or EGPC or EGAS under a long-term Gas Sales AGREEMENT in accordance with and subject to the conditions set forth in Article VII.

(3) The Development period of each Development Lease shall be as follows:

CONTRACTOR shall immediately notify GANOPE of any Gas Discovery but shall not be required to apply for a new Development Lease in respect of such Gas.

(bb) In respect of a Commercial Gas Discovery, twenty (20) years from the date of the Minister's of Petroleum approval of the Development Lease plus the two Extension Period (as defined below) provided that, if subsequent to the conversion of a Commercial Gas Discovery into a Development Lease, Crude Oil is discovered in the same Development Lease, CONTRACTOR's share of such Crude Oil from the Development Lease (except LPG extracted from Gas or Crude Oil in the form of condensate produced with Gas) and Gas associated with such Crude Oil shall revert entirely to GANOPE upon the lapse of twenty (20) years from the discovery date of such Crude Oil plus the two Extension Period (as defined below).

Notwithstanding, anything to the contrary under this Agreement, the duration of
Development Lease based on a Commercial Gas Discovery shall in no case exceed thirty (30) years from the date of the Minister's of Petroleum approval of the Gas Development Lease

CONTRACTOR shall immediately notify GANOPE of any Oil Discovery but shall not be required to apply for a new Development Lease in respect of such Crude Oil.

The "Two Extension Periods" shall mean two periods of five (5) years each respectively which may be elected by CONTRACTOR upon written request sent by CONTRACTOR to GANOPE before six (6) months prior to the expiry of the relevant twenty (20) years period or the "Second Extension Period", as the case may be, supplemented by technical studies including evaluation of production period, expected production rates during extension period, CONTRACTOR’s obligations and relevant economic consideration. This extension period is subject to the approval of GANOPE and the Minister of Petroleum. CONTRACTOR shall also pay a Development Lease Extension Bonus for each period, according to Article IX.

E. Development operations, upon the issuance of a Development Lease granted following a Commercial Oil or Gas Discovery shall be started promptly by Joint Venture Operating Company meanwhile and be conducted in accordance with good Oil field practices and accepted Petroleum engineering principles, until the field is considered to be fully developed. It is understood that if associated Gas is not utilized, GANOPE and CONTRACTOR shall negotiate in good faith on the best way to avoid impairing the production for the interests of the parties.

In case CONTRACTOR, through the Joint Venture Operating Company, did not fulfill its obligations regarding the execution of the Development Plan and did not start producing Crude Oil, in commercial regular shipments, within four (4) years from the Development Lease approval date, CONTRACTOR shall be considered assignor without charge for the Development Lease and for all its rights, privileges related to such area, GANOPE shall have the right to develop, produce, and dispose all Crude Oil produced from such assigned area through the Joint Venture Operating Company by any means deems to be appropriate by GANOPE without any further legal procedures, and CONTRACTOR shall have no right related to the production and shall have no right to have recourse against GANOPE for any compensation, expenditures or costs, Unless otherwise agreed by GANOPE.

the Development Lease and for all its rights, privileges, related to such area, GANOPE shall have the right to develop, produce, and dispose all Gas produced from such assigned area through the Joint Venture Operating Company by any means deems to be appropriate by GANOPE without any further legal procedures, and CONTRACTOR shall have no right related to the production and shall have no right to have recourse against GANOPE for any compensation, expenditures or costs, Unless otherwise agreed by GANOPE.

In the event no Commercial Production of Oil in regular shipments or Gas deliveries from any Development Block in the Development Lease within four (4) years from the date of commencement of Commercial Production for Oil or from the date of first deliveries of Gas locally or for export in such Development Lease, such Development Block shall immediately be relinquished, unless there is a Commercial Oil Discovery on the Development Lease based on Gas or a Commercial Gas Discovery on the Development Lease based on Oil. Each Block in a Development Lease being partly within the radius of drainage of any producing well shall be considered as participating in the Commercial Production referred to above, Unless otherwise agreed by GANOPE.

Every four (4) years GANOPE shall review the Development Blocks of Oil Development Leases from the date of commencement of Commercial Production and/or Gas from the date of the first regular Gas deliveries locally or for export, for immediate relinquish for any non-producing block or any block that does not participate in production (unless otherwise agreed by GANOPE).

In case the production has stopped from any well, and the reproduction hasn’t started within a period of maximum one (1) year from the date of such stop, a revision for the Development Lease blocks will take place in order to relinquish the Development Blocks not producing or not contributing to production from such well (unless GANOPE agrees to extend such period).

Upon the signature of a Gas Sales Agreement or commencement of a scheme to dispose of the Gas, whether for export or otherwise as referred to Article VII Development operations in respect of Gas and Crude Oil in the form of condensate or LPG to be produced with or extracted from such Gas shall be started promptly by Joint venture Operating Company meanwhile and be conducted in accordance with good Gas field practices and accepted Petroleum engineering principles and the provisions of such Agreement or scheme. In the event no Commercial Production of Gas is established in accordance with such Gas Sales Agreement or scheme, the Development Lease relating to such Gas shall be relinquished, unless otherwise agreed upon by GANOPE.
If, upon application by CONTRACTOR it is recognized by GANOPE that Crude Oil or Gas is being drained from an Exploration Block under this Agreement into a Development Block on an adjoining concession area held by Same CONTRACTOR or another CONTRACTOR, the Block being drained shall be considered as participating in the commercial production of this Development Block and the Block being drained shall be converted into a Development Lease with the ensuing allocation of costs and production (calculated from the Effective Date or the date such drainage occurs, whichever is later) between the two concession areas, the allocation of such costs and production under each concession agreement shall be in the same portion that the recoverable reserves in the drained geological structure underlying each concession area bears to the total recoverable reserves of such structure underlying both concession areas. The production allocated to a concession area shall be priced according to the concession Agreement covering that concession area.

In case of failure by the CONTRACTOR and another contractor in this Agreement in adjoining concession area to agree on the allocation of costs and/or production for such separate Development Leases under each concession area, such disagreement shall be resolved by expert determination, the expert to be agreed upon by the two contractors. GANOPE shall have the right to interfere and induce the contractors to fully cooperate and resolve the drainage matter in expedient manner as per the expert decision, such that neither contractor shall be unjustifiably enriched, in case of failure to reach an agreement. GANOPE's decision shall be binding on all parties. The cost of the expert shall in no event be recovered in both concession areas.

In the case of the existence of petroleum reserves in one of the geological structures extended between this Concession Area which is located in the exclusive economic zone of the A.R.E and the exclusive economic zone of one of the neighboring states, then the Contractor under this Agreement shall notify GANOPE, as a government’s representative, of the existence of this petroleum reserves and shall cooperate to reach an agreement on the modalities of the exploitation of such petroleum reserves "Unitization Agreement" whilst taking into account the following:-:

i) The geographical extent and the geological features for such extended petroleum reserves and the proposed area for the joint exploitation and/or development of the said reserves.

ii) The methodology used for the calculation of such petroleum reserves and its allocation between the parties.

Quantities of Gas not taken but to be paid for shall be recorded in a separate "Take-or-Pay Account" Quantities of Gas ("Make Up Gas") which are delivered in subsequent years in excess of seventy five percent (75%) of the contract quantities of Gas as established by the applicable Gas Sales Agreement, shall be set against and reduce quantities of Gas in the "Take-or-Pay" account to the extent thereof and, to that extent, no payment shall be due in respect of such Gas. Such Make up Gas shall not be included in CONTRACTOR's entitlement to Gas pursuant to Article VII (a) and (b). CONTRACTOR shall have no rights to such Make up Gas.

At the end of any Contractual year, if GANOPE and CONTRACTOR (as sellers) fail to deliver seventy five percent (75%) of the annual contract quantity of Gas as defined in the Gas Sales Agreement with GANOPE or EGPC or EGAS (as buyer), the difference between seventy five percent (75%) of the annual Contract quantity of Gas and the actual Gas quantity delivered shall be referred to as the "Deliver- or - Pay Shortfall Gas". GANOPE or EGPC or EGAS (as buyer) shall have the right to take a quantity of Gas equal to Deliver-or-Pay the Shortfall Gas and such quantity of Gas shall be priced at ninety percent (90%) of the Gas price as defined in the Gas Sales Agreement. The mechanism for the Deliver-or-Pay concept will be determined in the
Gas Sales Agreement.

The percentages set forth in Article VII (a) and (b) in respect of LPG produced from a plant constructed and operated by or on behalf of GANOPE and CONTRACTOR shall apply to all LPG available for delivery.

(c) **Valuation of Petroleum:**

**1. Crude Oil and Condensate:**

1. The Cost Recovery Crude Oil and Condensate to which CONTRACTOR is entitled hereunder shall be valued by GANOPE and CONTRACTOR at "Market Price" for each calendar quarter.

2. "Market Price" shall mean the weighted average prices realized from sales by GANOPE or CONTRACTOR during the quarter, whichever is higher, provided that the sales to be used in arriving at the weighted average(s) shall be sales of comparable quantities on comparable credit terms in freely convertible currency from F.O.B. point of export sales to non-affiliated companies at arm's length under all Crude Oil sales contracts then in effect, but excluding Crude Oil and Condensate sales contracts involving barter, and

   (a) Sales, whether direct or indirect, through brokers or otherwise, of GANOPE or CONTRACTOR to any Affiliated Company.

   (b) Sales involving a quid pro quo other than payment in a freely convertible currency or motivated in whole or in part by considerations other than the usual economic incentives for commercial arm's length Crude Oil and Condensate sales.

3. It is understood that in the case of "C.I.F." sales, appropriate deductions shall be made for transport and insurance charges to calculate the F.O.B. point of export price; and always taking into account the appropriate adjustment for quality of Crude Oil and Condensate, freight advantage or disadvantage of port of loading and other appropriate adjustments, and Market Price shall be determined separately for each Crude Oil and Condensate or Crude Oil mix and Condensate, and for each port of loading.

4. If during any calendar quarter, there are no such sales by GANOPE and/or CONTRACTOR under the Crude Oil and Condensate sales contracts in effect,
GANOPE and CONTRACTOR shall mutually agree upon the Market Price of the barrel of Crude Oil and Condensate to be used for such quarter, and shall be guided by all relevant and available evidence including current prices in freely convertible currency of leading Crude Oil and Condensate produced by major Oil producing countries (in the Arabian Gulf or the Mediterranean area), which are regularly sold in the open market according to actual sales contracts terms but excluding paper sales and sales promises where no Crude Oil and Condensate is delivered, to the extent that such sales are effected under such terms and conditions (excluding the price) not significantly different from those under which the Crude Oil and Condensate to be valued, was sold, and always taking into consideration appropriate adjustments for Crude Oil and Condensate quality, freight advantage or disadvantage of shipping port and other appropriate adjustments, as the case may be, for differences in gravity, sulphur, and other factors generally recognized by sellers and purchasers, as reflected in Crude Oil and Condensate prices, transportation ninety (90) days insurance premiums, unusual fees borne by the seller, and for credit terms in excess of sixty (60) days, and the cost of loans or guarantees granted for the benefit of the sellers at prevailing interest rates.

It is the intent of the Parties that the value of the Cost Recovery Crude Oil and Condensate shall reflect the prevailing market price for such Crude Oil and Condensate.

(5) If either GANOPE or CONTRACTOR considers that the Market Price as determined under sub-paragraph (2) above does not reflect the prevailing Market Price or in the event GANOPE and CONTRACTOR fail to agree on Market Price for any Crude Oil produced under this Agreement for any quarter within fifteen (15) days after the end thereof, any party may elect at any time thereafter to submit to a single arbitrator the question, what single price per barrel, in the arbitrator's judgment, best represents for the pertinent quarter the Market Price for the Crude Oil and Condensate in question. The arbitrator shall make his determination as soon as possible following the quarter in question. His determination shall be final and binding upon all the parties. The arbitrator shall be selected in the manner described below.

In the event GANOPE and CONTRACTOR fail to agree on the arbitrator within thirty (30) days from the date any party notifies the other that it has decided to submit the determination of the Market Price to an arbitrator, such arbitrator shall be chosen by the appointing authority designated in accordance with Article XXIV (e), or such other appointing authority with access to such expertise as may be agreed upon.
between GANOPE and CONTRACTOR, with regard to the qualifications for arbitrators set forth below, upon written request of one or both of GANOPE and CONTRACTOR, and shall be promptly sent a copy of such request by one of them to the other.

The arbitrator shall be as nearly as possible a person with an established reputation in the international Petroleum industry as an expert in pricing and marketing Crude Oil and Condensate in international commerce. The arbitrator shall not be a citizen of a country which does not have diplomatic relations with any party of this Agreement. He may not be, at the time of selection, employed by, or an arbitrator or consultant on a continuing or frequent basis to the American Petroleum Institute or the Organization of the Petroleum Exporting Countries or the Organization of Arab Petroleum Exporting Countries or a consultant on a continuing basis to GANOPE, CONTRACTOR or an Affiliated Company to any of them. The consulting crossbar, which has in the past for these companies or to other oil companies or agencies or government agencies this is not considered a reason for exclusion. The arbitrator may not be at any time during the past two (2) years before selection an employee of any Petroleum company or of any governmental agency or organization.

Should a selected person decline or be unable to serve as Arbitrator or should the position of arbitrator fall vacant prior to the decision called for, another person shall be chosen in the same manner provided in this paragraph, GANOPE and CONTRACTOR shall share equally the expenses of the arbitrator.

The arbitrator shall make his determination in accordance with the provisions of this paragraph based on the best evidence available to him, he will review Oil and Condensate sales contracts as well as other sales data and information but shall be free to evaluate the extent to which any contracts, data or information is substantiated or pertinent, representatives of GANOPE and CONTRACTOR shall have the right to consult with the arbitrator and furnish him written statements, provided the arbitrator may impose reasonable limitations on this right, GANOPE and CONTRACTOR each shall cooperate with the arbitrator to the fullest extent and each shall insure such cooperation of its trading companies. The arbitrator shall be provided access to Crude Oil and Condensate sales contracts and related data and information which GANOPE and CONTRACTOR or their trading companies are able to make available and which in the judgment of the arbitrator might aid the arbitrator in making a valid determination.

(6) Pending Market Price Agreement by GANOPE and CONTRACTOR or
determination by the arbitrator, as applicable, the Market Price agreed for the quarter preceding the quarter in question shall remain temporarily in effect. In the event either GANOPE or CONTRACTOR should incur a loss by virtue of the temporary continuation of the Market Price of the previous quarter, it shall promptly be reimbursed such loss by the other party plus simple interest at the LIBOR plus two and one-half percent (2.5%) per annum rate provided for in Article IV (f) from the date on which the disputed amount(s) should have been paid to the date of payment.

(2) Gas and LPG:

i- The Cost Recovery, Production Shares and Excess Cost Recovery, if any, which is disposed of for local market, according to a Gas Sales Agreement between GANOPE and CONTRACTOR (as sellers) and GANOPE or EGPC or EGAS (as buyer) entered into pursuant to Article VII (e) shall be valued, delivered to and purchased at a price, which should be agreed upon between GANOPE and CONTRACTOR based on technical and economic factors for developing the area (including but not limited to water depth, reservoir depth, the actual expenditure and expected investments over the Development project lifetime, proven and probable Gas reserves, internal rate of return on investment to achieve the interests of the parties and the prevailing applicable Gas price in comparable concession areas having similar conditions). Such agreed Gas price shall be stated in the relevant development lease before the Minister of Petroleum’s approval according to Article III(d)(ii).

ii- In case CONTRACTOR exports part or all its share of production sharing of Gas jointly with GANOPE, pursuant to Article VII (e), such exported Gas shall be valued according to the relevant net back price.

iii- In case CONTRACTOR disposes locally/solely export part of its share of production, of Gas to third party then the following shall apply:

a- CONTRACTOR’s quantities disposed to the third party, shall be valued based on the agreed price between the Contractor and such third party.

b - CONTRACTOR’s quantities disposed to GANOPE shall be valued based on gas price agreed by GANOPE and Contractor according to the basis mentioned in above.

iv- In case CONTRACTOR disposes all share of production and excess cost recovery, if any, of Gas locally/solely export to third party then the CONTRACTOR’s quantities sold to the third party, shall be valued based on the agreed price between the Contractor and such third party.

v- The Cost Recovery and Production Shares of (LPG) produced from a plant
constructed and operated by or on behalf of GANOPE and CONTRACTOR, shall be separately valued for Propane and Butane at the outlet of such LPG plant according to the following formula (unless otherwise agreed between GANOPE and CONTRACTOR):

\[
PLPG = 0.95 \text{ PR}
\]

Where

\[
PLPG = \text{LPG price (separately determined for Propane and Butane) in U.S. Dollars per metric ton.}
\]

\[
PR = \text{The average over a period of a month of the figures representing the mid-point between the high and low prices in U.S. Dollars per metric ton quoted in } \text{"Platt's LP Gas wire" during such month for Propane and Butane FOB Ex-Ref/Store West Mediterranean.}
\]

In the event that "Platt's LP Gas wire" is issued on certain days during a month but not on others, the value of (PR) shall be calculated using only those issues which are published during such month. In the event that the value of (PR) cannot be determined because "Platt's LP Gas wire" is not published at all during a month, GANOPE and CONTRACTOR shall meet and agree to the value of (PR) by reference to other published sources, in the event that there are no such other published sources or if the value of (PR) cannot be determined pursuant to the foregoing for any other reason, GANOPE and CONTRACTOR shall meet and agree the value of (PR) by reference to the value of LPG (Propane and Butane) delivered FOB from the Mediterranean Area.

Such valuation of LPG is based upon delivery at the delivery point specified in Article VII (e) (2) (iii).

vi- The prices of Gas and LPG so calculated shall apply during the same month.

vii- In case Gas is disposed of for export by GANOPE and CONTRACTOR to a third party, pursuant to Article VII (e), then the Cost Recovery, Production Shares and excess Cost Recovery, if any, of such Gas shall be valued according to the net back price.

viii- The Cost Recovery, Production Shares and excess Cost Recovery, if any, of LPG disposed of for export by GANOPE and CONTRACTOR pursuant to Article VII(e) shall be valued at its actual realized price.
(d) **Forecasts:**

Joint venture Operating Company shall prepare (at least ninety (90) days prior to the beginning of each calendar semester following first regular production) and submit a written forecast to CONTRACTOR and GANOPE setting out a total quantity of Petroleum which Joint Venture Operating Company estimated to be produced, saved and transported hereunder during such calendar semester, in accordance with proper applicable practices in petroleum industry.

Joint Venture Operating Company shall endeavor to produce the forecasted quantity during each calendar semester, and it should convey the Crude Oil to storage tanks or marine shipping facilities that are constructed, maintained and operated according to the GOVERNMENT Regulations, and where crude oil is measured in metric or measured by other methods for the purpose of calculating the royalty, and other purposes required by this Agreement. Gas shall be handled by Joint venture Operating Company in accordance with the provisions of Article VII (e).

(e) **Disposition of Petroleum:**

1. **With respect to Crude Oil and Condensate produced from the Area:**

GANOPE and CONTRACTOR shall have the right and the obligation to get the whole Crude Oil and Condensate which they deserve and freely export and dispose of separately on a regular basis according to Article VII (a) and (b). CONTRACTOR shall have the right to remit and retain abroad all funds acquired by it including the proceeds from the sale of its share of Petroleum, and provided that it has paid the amounts due to GANOPE under Article VII (a) (2) and Article IX.

Notwithstanding anything to the contrary under this Agreement, priority shall be given to meet the requirements of the A.R.E. market from CONTRACTOR's share under Article VII (a) & (b) of the Crude Oil and Condensate produced from the Area and GANOPE shall have the preferential right to purchase such Crude Oil and Condensate at a price to be determined pursuant to Article VII (c). The amount of Crude Oil and Condensate so purchased shall be a portion of CONTRACTOR's share under Article VII (a) & (b). Such amount shall be proportional to CONTRACTOR's share of the total production of Crude Oil and Condensate from the concession area in the A.R.E. that are also subject to GANOPE's preferential right to purchase. The payment for such purchased amount shall be made by GANOPE in U.S. Dollars or in any other freely convertible currency remittable by CONTRACTOR abroad.

v- The proceeds of sale of CONTRACTOR's share of Gas and LPG disposed of pursuant to the above sub-paragraph (v) may be freely remitted or retained abroad by CONTRACTOR.

vi- In the event GANOPE and CONTRACTOR agree to accept new Gas and LPG producers to join in an ongoing export project, such producers shall have to contribute a fair and equitable share of the investment made.

Necessary sub-accounts shall be used. Revenue accounts shall be maintained by CONTRACTOR to the extent necessary for the control of recovery of costs and the treatment of Cost Recovery Petroleum.
ARTICLE VI
TAX IMPLEMENTATION PROVISIONS

It is understood that CONTRACTOR shall be subject to Egyptian Income Tax Laws as provided in the agreement, that any A.R.E. Income Taxes paid by GANOPE on CONTRACTOR's behalf constitute additional income to CONTRACTOR, and this additional income is also subject to A.R.E. income tax, that is "grossed up."

"CONTRACTOR's annual income", as determined in Article III (g) (3) of this Agreement, less the amount equal to CONTRACTOR's grossed-up Egyptian income tax liability, shall be CONTRACTOR's "Provisional Income."

The "gross-up value" is an amount added to Provisional Income to give "Taxable Income", such that the grossed-up value is equivalent to the A.R.E. Income Taxes.

THEREFORE:

Taxable Income = Provisional Income plus Grossed-up Value

And

Grossed-up Value = A.R.E. Income Tax on Taxable Income.

If the "A.R.E. Income Tax rate", which means the effective or composite tax rate due to the various A.R.E. taxes levied on income or profits, is constant and not dependent on the level of income, then:

Grossed-up Value = A.R.E. income tax rate TIMES Taxable Income.

Combining the first and last equations above

Grossed-up Value = Provisional income X Tax Rate

\[
1 - \text{Tax Rate}
\]

where the tax rate is expressed as a decimal.

The above computations are illustrated by the following numerical example. Assuming that the Provisional Income is $10 and the A.R.E. Income Tax rate is forty percent (40%), then the Grossed-up Value is equal to:

\[
\frac{10 \times 0.4}{1 - 0.4} = \$6.67
\]
Therefore:
